
Front page design!

Posted by MariaD - 2008/11/02 08:31

As you know, we badly need a new front page. Here is the current draft. I would love to have your comments so we can incorporate them!

- How does it look? Colors, fonts, more cowbell - anything?

- What do you want to see on the front page for navigation?

Maybe an icon for the 'blog' and such?

PS: birdies 8D

I'm confused. This is my first time here. I came here searching for an "online math curriculum". I see that you are putting up a new home page but still, it doesn't explain to me what this site is about.

Can anyone help, I'm looking for an online math curriculum. The only one that I've found that covers K-8 and is online is the Time4Learning online math curriculum. Anybody familiar with it?
